

Pertinent Paragraphs

With this issue the Review steps out of the class of the ordinary weekly newspaper, we can say fearlessly, ANY newspaper, with the inauguration of this column under the above title. We'll not go so far as to say that ALL other newspapers in the world will be happy to let this claim go undisputed — but, could be.

For this is a column that takes up where all other columns leave off . . . and prints the things that are not news . . . in some cases not even worth printing. On the other hand, if the attempted jokes and jibes, the would-be levity and the, we hope, occasional constructive criticism help relieve the monotony of a few folks for a few minutes, then we think it's worth it!

Up at the crack of dawn . . . and enjoy seeing old Sol peek over San Miguel . . . it's a sight worth getting up for . . . we have lots of sun rises besides on Easter morning!

Tony Sonka, John Hill the jeweler, Frank Higgins the Art-craft sign man, Doc Brassington — off for a game of golf . . . that golf bug bite sure is penetrating . . . Jack Sanders, LG Hardware, and some others, and there will be more.

Waffle and bacon at the Avalon — some gas at Texaco, then a look down the main stem. The always busy top and body shop at it early . . . The Butane gas plant — and how that business has grown! Dutton's Garage — an imposing structure . . . and the development at Massachusetts and Broadway! Remember how it looked a few years ago? Sure plenty of difference now from what it was when we first saw it a little over a year ago . . . the Dog and Cat hospital operated by Dr. McKenney, on Broadway, west of Massachusetts, one of the best they say.

Looking north — up Mass., the Ward-McGuire Lumber Plant — makes a "showing" . . . Frances Brothers, rugs . . . impressive. Looks like a real city coming on!

Steve Westover, pioneer lumber man, smiling . . . hole at his front door, filled in . . . customers can get in and out.

Sewer connection under railroad, on North avenue — completed — connecting has already started . . . and will that please Ted Haaf . . . and John Van Gilse, Grove Theatre and others.

That strange looking aerial on top of the Grove Theatre building is Burt Snyder's "inlet" for television.

Ever try to count the new businesses in Lemon Grove? . . .

Mr. Williams, Piggy Wiggly boss, says their business running well over expectations.

The new brick building, north side of Broadway, east of Piggy Wiggly will be a cleaning and pressing business . . . Bill Vandenberg, owner. The family will occupy the apartment upstairs. Green color — nice contrast.

Sign on roadside, near Catholic Church reads: "Lemon Grove, Population 3300 . . . That makes one Review printed for each man, woman and child in town . . . and one man, woman or child only, in each home here . . . bet that sign was incorrect many, many months back!

And then last but not least, that great organization, the name of which has five or six capital S's in it . . . goes something like "Sociable Society of Sunny Southern California Suckers" . . . or something . . . meets daily at 10 a.m. at Mac's Sugar Plum. Breezy, congenial — a dozen or so fellows get a kick outta sticking one of their number for coffee.

Care for this kinda column? If you do — how about giving us some low down on some low down? You know the phone number . . . or better yet, stop in at 7812 Broadway!

NUMBER 5

Board Votes For Election Proposed School Bonds

At a special meeting last Friday night the Governing Board of the Lemon Grove School District voted unanimously to call a school bond election to be held October 22, 1948, in the amount of \$85,000.00. The purpose of the proposed election is to provide funds for purchasing classroom and playground equipment and recreation facilities on the new school sites, and to provide additional classrooms, as well as reconditioning some of the existing rooms at the Lemon Grove School.

Under the so called "Austerity Program," the Lemon Grove School District received \$270,000. from the State this year for the construction of new schools in Monterey Heights and Vista La Mesa. However, no money was provided for classroom and playground equipment, fencing or recreational facilities. It is the intent of the legislature that the State provide funds for basic school construction, while the local school district would have to purchase equipment from its own resources.

It is the hope and intent of the School Board that in furnishing playground and recreation equipment on each school site that it will serve a double purpose — first, it will provide playgrounds to be used during school hours, and second, it will provide community recreation facilities badly needed in Lemon Grove, Vista La Mesa and Monterey Heights.

By this means, the school district will be one step nearer the ideal, where each school and its

resources will serve as a community meeting place and recreational center.

The need for additional office space and reconditioning of some of the existing classrooms becomes apparent as enrollment increases. Except for a small principal's office, other offices at the Lemon Grove School are housed in temporary quarters in a converted hallway.

These offices include a waiting room, registrar's office, nurse's room, supply room, business offices, and the teachers' lounge. The nurse's room and the storage room are entirely inadequate.

Valuable classroom space has been given over for use as a teachers' workroom; this workroom should be provided for in an adequate office arrangement.

A number of classrooms now in use at the main school could be modernized by providing adequate lighting, heating and ventilation. Some children in this school have the advantage of modern, well constructed classrooms, while others are housed in twenty-year-old rooms and war surplus buildings which are desperately in need of adequate light, heat and ventilation.

Upon request, members of the School Board and the school staff will be glad to appear before service groups to answer questions and give additional information concerning the needs of the school district.

To be thoroughly informed on matters concerning the school and the welfare of our children is a commendable civic duty.

First Deputy To Assume Duties Here Tomorrow

Willard A. Rigley, 33, who has been attached to the sheriff's office of San Diego County for the past six years, has been appointed Lemon Grove's first deputy sheriff and constable and will assume his new duties tomorrow.

Willard A. Rigley

Sheriff Rigley will have his private office and headquarters in the new Court room in the Sonka Building on Main Street. The new Court over which Justice George B. White will preside, is slated to open officially tomorrow also.

Sheriff Rigley will be on 24 hour duty in Homeland Township. A prowler car has been assigned to him.

Deputy Sheriff Rigley was born in Honolulu, at an army post where his father was on military duty at the time. He served with the Army Air Corps from 1933 to 1936. He and his wife, Margaret, have two children, Mary Alice, 13 and Willard Arthur II, who is nine years old. They will make their home in Lemon Grove on Bonita Street.

His father died some years ago and his mother, Mrs. Alice Patrick lives in San Diego. He has a brother Orin Rigley, graduate of West Point, now with the Army Air Corps and military attache in New Zealand. He also has a sister, Mrs. Shelley Williams whose husband is a Navy Lieutenant.

Fletcher Spoke To Combined Group Here

Congressman Charles Fletcher was given a resounding round of applause Tuesday noon after he had explained his stand in favor of developing a method of de-salting ocean water at a practical cost so that it might be made available to "water scarce" areas.

He stated that de-salting of the ocean's water was done on battle ships during the war, as well as on many of the Pacific islands. He disclosed that the matter had been put on the agenda for the next congress to take up.

He was speaking to the regular weekly gathering of the Lemon Grove Business men's Association who had as their guests members of the Business Womens League. The combined clubs met at the La Mesa Golf and Country Club.

Representative Fletcher also spoke on several other pertinent issues, namely: Taft-Hartley law, public housing, registration of communists, etc.

Local problems were briefly touched on during the meeting, one being a new hospital, and Congressman Fletcher disclosed that federal funds were available to aid in such a project.

President John Van Gilse presided at the meeting at which over fifty were present.

CUB SCOUTS TO MEET OCT 15

The Cub Scout organization will resume meetings the third Friday in October, the 15, at the school cafeteria. All Cub Scouts are requested to bring their registration fees to this meeting; also age, date of birth and complete address.

All parents are urged to attend this meeting. A moving picture of the "Jalopy Derby" will be shown.

Business Wives Picnic Was A Great Success

Sunday afternoon the Business Women's League and their families gathered at Eucalyptus Park for an old fashioned basket dinner picnic. The result was proof that when this organization starts out to do things, it does them in a big way. There was a large group in attendance, and the table groaned under a huge array of food.

A committee composed of Mrs. A. P. McGuire, Mrs. Ernest Sunbury and Mrs. George Dickinson had planned some riotous entertainment, and every one cooperated to make the picnic a memorable success.

Mr. A. R. Boise gave some of his famous impersonations and Mr. Art Chappell entertained with accordion selections.

So much food was left that George Dickinson was drafted to auction it, and there was some discussion as to whether it was a Dutch auction or a Chinese auction, but it was an animated one, you may be sure. The treasury was also enriched by levying fines on all who appeared over an hour late, and some unfortunate gentlemen who jumped the gun and had their pie out of turn.

Those attending included Messrs and Mesdames Frank Loveday, Al Huebsch, Ernest Sunbury, John Hill, J. A. Van Gilse, George Dickinson, Joe Beyers, A. P. Schnell, Burton Snyder, A. R. Boise, Louis McGee, P. J. Chappell, Art Chappell, Robert Beers, P. A. McGuire, A. Schnick, C. F. Baxter, Mrs. L. F. Herder, Mrs. Somsen and Mrs. Miller, mother and sister of Mrs. Van Gilse, Dorothy Herder, Carolyn Griswold, Mr. Art Chappell's sister and family and the new Schnick baby.

Local Angler Leads Oceanside Derby

New leader in the annual Oceanside White Sea Bass fishing derby is E. H. "Andy" Anderson, local oil distributor. Anderson, along with Mr. and Mrs. W. L. McQueen, of the Avalon Cafe, motored to Oceanside last Tuesday and caught more than their share of fish. Anderson's derby leading fish weighed a little more than 22 pounds.

The derby will continue until December first. The first prize is a 1949 Plymouth Sedan. The second and third prizes are television sets.

Drain Tile Business Begins Operation

Robert and Edith Beers of 2459 Bonita Street, have joined the ranks of Lemon Grove business people, by opening the "Grove Cement Tile Works" at 3440 Massachusetts Avenue, between Albert Cronquists Forge and the Ward and McGuire Lumber Company.

They have installed a machine which will make six drain tile per minute, and began operations this week.

The young couple have one son Eugene, in grammar school, and the best wishes of the community are with them for the success of the new business.

Forward Club Held Second Meet Friday

The Lemon Grove Forward Club held its second meeting of the club year Friday, with a good attendance. Mrs. Glenn Ballantine, Mrs. George Dickinson and Mrs. W. P. Hall were welcomed as new members and Mrs. Gilbert Durham, new president of the P.T.A. was an honored guest.

After the business meeting, the program chairman, Mrs. C. Forrest Baxter, introduced Mrs. Lee Samuels, who gave a very interesting address on "Parliamentary Law." Mrs. Samuels had been a luncheon guest of the president, Mrs. Ted Haaf, preceding the meeting. She is also teaching a class on Parliamentary Law each Friday evening in the club house, in connection with the adult education evening school program.

A discussion was held of members attending the Southern District meeting held in Costa Mesa, Wednesday, September 29, and those attending were Mrs. Ted Haaf, Mrs. F. O. Barber, Mrs. R. M. Kobrich and Mrs. O. R. Patterson.

Monterey Heights Civic Club Will Meet October 14

The regular monthly meeting of the Civic Organization of Monterey Heights will be held the second Thursday in October at a location to be announced. The organization regrets the loss of an active member, V. E. Duea, who served as chairman of the organization in 1947-48 and has been most helpful as 1948 chairman of the Executive Board and Public Relations.

Mr. Duea was counted upon for encouraging ideas and information at all monthly meetings.

Mr. and Mrs. Duea and their family left Monday for Ramona, where Mr. Duea has accepted a position as Industrial Arts teacher in the Ramona High School.

The following item culled from the minutes of the regular meeting of the Board of Supervisors of San Diego County, held September 13 and 14 has been released for publication and is of much local interest. "In accordance with the recommendation of the County Supervisors \$850 was allocated from the Oiling Project Division to correct a serious drainage condition on Ensenada St. in Monterey Heights."

ARRIVED MONDAY

Miss Alice Klauber of San Diego, arrived Monday to make her home at Hillside Chateau.

Camp Fire Girls Visit In San Diego

An interesting trip to San Diego was made by the Idaka Camp Fire group on Friday, September 24. The group visited a jewelry store in San Diego, the owner of which has several gem stone mines around San Diego, and had many beautiful specimens to show. The growth and development of precious stones was explained to the girls and many beautiful and valuable stones were seen. Afterwards the group went to the Civic Center where the mayor of San Diego showed them a view of the bay from the ninth floor of the building.

After a sack lunch partaken on the bay front of the building, the girls drove to the West Gate Fish Packing plant where the Breast of Tuna is packed. They followed the tuna from the time it is taken from the boats until it is ready for the table.

A trip to Balboa Park and to the Museum of Man where the various exhibits were studied, completed the day's outing.

Brother Broyles did the preaching, and a fine song service was had with Grandma Jones at the piano, and at the close of the service Rev. Collins made a very instructive comment on the message that was delivered by Brother Broyles.

Some of the oldsters in the circle of these homes could come together in these services and give great joy and comfort in Christian fellowship to these dear old people who are shut in.

MATHENY REST HOME

The service at the Matheny Rest Home, 1728 Dayton Dr., Monterey Heights, Lemon Grove, last Sunday morning, was very inspiring, with Rev. Collins, of the First Southern Baptist Church doing the preaching.

For the song service a number of fine old revival hymns were sung. This service was much enlivened by the rich bass voice of Brother Dick Richardson harmonizing with that fine tenor voice of Rev. Collins which really made the anthems ring. We certainly need men like these in these services. Mrs. Matheny, the Home manager's wife, was at the organ.

Brother Alvin Broyles is in charge of services held at this Home every Sunday morning at 10:00 o'clock. The public is invited. Singers are especially invited to help us.

Selection of Paint Is Important Task

"You can save yourself a lot of money, time and trouble," a painting expert recently told a civic group, "by mixing a small amount of paint knowledge with common sense."

"The largest and most unnecessary loss to many a homeowner today is represented by the painting job he puts on his house. Someone sells him a bill of goods, or he tries to save a few dollars on material costs, because he does not know and apply the cold, hard facts about paints which are easily available."

"For example, the biggest investment in painting job is labor. To make the best use of this expenditure, one ought to use top quality paints. You can spend \$30 less when painting a small house by buying cheap paint — but volumes of case histories show that it can cost about \$300 more during the next four years than if you bought good materials. Here is how it works out."

"Figuring labor cost at \$200, Mr. A. spends \$28 for cheap paint. Mr. B. uses common sense and says that if he has to spend \$200 for labor, he might as well use good materials. So he spends \$48 for the best available."

"Roughly a year-and-a-half later, A must spend \$300 for burning off the deteriorated cheap paint, and repainting, while B is protected for four years or more without further expense."

"Fortunately for the buyer, paint making today is a highly competitive business, which means that you get exactly what you pay for. Conversely, you never get 'something for nothing' in the paint department."

"The lead, zinc, titanium and other materials in paint cost just as much a pound in firm figures. If you pay a cheap price, you'll get cheap paint, so don't be fooled by a high-powered offer of 'Super-Lead, Zinc and Titanium Paint,' at a bargain price. Lead, Zinc and Titanium are good materials for paint, but demand to know just how much of each is in the can."

"Some newcomers in the paint field attempt to imitate established brand names and labels, coming as close to the original as the law will allow and offering their so-called 'quality' product at a low cost. When you buy paint, look for the manufacturer's name — don't be misled by a similarity between the label of the paint you know and the imitation."

"It takes experience to make

SCHOOL NEWS

A special meeting of the board of education of the Lemon Grove school was called Friday evening September 24, in the school office.

A contract was let for a new fence on the east boundary of the school grounds in the new area recently purchased from Livesays. Also a fence will be erected from the bus loading area to the Junior High buildings. Work will start on the new fence this week.

The new school site in Monterey Heights has been cleared now, after some time and is being purchased from the local irrigation district who will deliver title to the school. This is a large tract containing approximately 58 lots of good size, possibly 15 acres.

The school board approved the grading done on the new school grounds. The area was graded by contractor R. C. Speaks, and surfaced with three inches of decomposed granite.

GUESTS OF THE H. BAKERS

Mr. and Mrs. Harold W. B. Baker of 7654 Central Avenue, Lemon Grove, have as a guest this week Mr. S. Clay Baker who came from Redding, California, as a delegate to the Moose Convention held last week in San Diego, and is staying over as a delegate to the Inheritance Tax Convention being held October 7, 8, 9 in San Diego.

The Bakers entertained other members of the Moose delegation from Redding, in their home Saturday afternoon, including R. S. Bryant, Henry Keefer, Walter L. Ericson and Glenn E. Tinsman.

good paint. Lots of experience, and years of testing and experimenting. Men who paint for a living know this through hard experience, and you always find them using top-quality, time-tested paints. They don't want to have to repeat the job.

"Most dealers will discuss paint with you. They know and appreciate the good paints with brand names that mean dependability backed by the maker's experience. If you ask for good paint, they won't sell you a product made of cheap oil and whitening that will come off under the weather as fast as it went on."

"Use your painter's and dealer's experience and buy durable paint. You'll save money in the long run, to say nothing of the better hiding qualities and superior appearance of the better paint."

LET'S DISCUSS IT

by Mrs. Agnes Whitlock

This column is to acquaint the people with the Welfare Work of the various clubs and organizations of the community. There is a great need for unity in this work.

We have a tendency to ignore tragedy and misfortune until it happens to us or our friends. This summer's polio epidemic was an example of how tragedy can strike any of us, be we rich or poor.

The organizations and a few of the more conscientious citizens have been working on several cases this summer. They are just a few out of the many who need help. We are trying to do as much as possible for these people, but as yet we have been able to help only a few of the most desperate. With the rapid growth of the community, the need for public support on these projects is increasing. I hope to be able to bring you the facts of this problem in such a way that you will understand and want to help.

The organizations do not ask for large amounts of money. They ask only for your support of the benefits, dances etc. that are given for the sole purpose of raising money to take care of the needy here in our own community. If you have clothing or any other article that may be useful to some one less fortunate would you please get in touch with any of the chairmen of the various groups that I have listed. I can assure you that any and everything will be appreciated and will be distributed here in our locality.

Look around your own neighborhood! You will be surprised to find that the family down the block can be just as hungry and desperate as the ones that live across the tracks. Of course in Lemon Grove we don't have a wrong side of the tracks. Or do we? If so, why? This is a good

question for you to ask yourself. If you get any good answers, write in and tell me. I am always interested in your opinions on the welfare problem. This is a thriving community. Let us keep it that way. Keeping poverty down is one way to keep your community prosperous.

Let us all wake up to reality and do unto others as we would have them do unto us.

Grove Theatre to Give Free Matinee Saturday

Next Saturday afternoon will be a red letter day for the children of Lemon Grove, for on that day the Grove Theatre will open its doors to all children 12 years and under for a special free matinee.

According to John A. Van Gilse, owner manager, the event is being given the Grove children to celebrate the return of regular Saturday matinees. During the summer the County health officer had requested cancellation of children's shows, but this request was lifted when the Polio situation cleared several weeks ago.

Two big features, "The Great John L." depicting the life of the famous world championship boxer John L. Sullivan, and a Falcon detective picture "Devils Cargo" along with color cartoon and the start of a new thrilling serial, will be shown. The doors will open at 1:15 with the show starting at 1:30 sharp. Only children who are at the Theatre at the time the show begins will be admitted free.

Louis McGee, operator of the Sugar Plum Shoppe in the Grove Theatre building, will give each child attending the Grove a free allotment of Bubble gum.

GUESTS FROM WISCONSIN

Warrant Officer and Mrs. Milton O. Hogue have as house guests Mr. Hogue's mother, Mrs. Nick Nelson and aunt, Mrs. Frank Bell of Eleva, Wisconsin.

Nursery Has Seen Many Changes In Past 27 Years

H. H. Hunter and his son, Larry, who conduct Hunter's Nursery located on the east side of Lemon Grove Park, facing Spring Valley at 3110 Sweetwater Road, have made vast improvements at their nursery since it was started in 1921. The senior Hunter located in Lemon Grove in 1919, giving up his work with the Great Northern Railroad working out of Seattle, Washington, and coming here with the intention of growing lemons.

In 1921 he started the Citrus Nursery, adding avocados to his lemon orchard. The avocado industry was just being developed at that time and Mr. Hunter recalls that a Mrs. Waters who lived at what is now the Kettle place had the only avocado orchard around and sold fruit to Hamilton's at \$1 a pound.

Mr. Hunter recalls that Imperial Avenue was being paved at that time and Golden Avenue had no granite.

His son Larry, at the conclusion of his four years in military service, joined his father as partner and together they have developed the nursery, adding a general line of nursery supplies. Landscaping, planning of orchards and gardens, planting and pruning keeps both men well occupied. The Hunter Nursery has been located in the same spot since it was started.

GUEST OF CLUB

Mrs. Ted Haaf, president of the Lemon Grove Forward Club, was a guest of the president of the La Mesa Women's Club, Mrs. Roxie Stewart, as they opened their club year Monday.

TO MAKE HOME IN SAN FRANCISCO

Mr. and Mrs. Russell Shaw and their three children, of Monterey Heights, are leaving soon for San Francisco, where Mr. Shaw, a member of the U. S. Navy, has been transferred for duty.

Mrs. Shaw, who opened Nan's Dress Shop on Broadway about a month ago, has disposed of her stock in order to accompany Mr. Shaw to San Francisco.

Funeral Service Held for L. George C. Peirce

Many friends attended the funeral rites with the relatives of L. George C. Peirce of 8061 Palm Avenue, which were held in the Community Congregational Church Friday, September 24, at 1:30 p. m.

Relatives who mourn his passing are his wife, Mrs. Blanche Hale Peirce; two sons, Paul N. Peirce of Chicago and L. George C. Peirce of Des Moines; a little daughter, Judy; a step son, Franklin Walker; a step daughter, Phyllis; his parents, Mr. and Mrs. Austin P. Peirce of Austin, Texas; two sisters, Miss Myra Peirce of Austin, and Mrs. C. E. McQuie of Laguna Beach; a brother, Austin P. Peirce, Jr., of Gonzales, Texas, and six grandchildren.

Mr. Peirce was an employee of the Department of Agriculture for the past 25 years, and moved here from San Francisco five years ago. During the war, he was inspector of all fruits and vegetables for all military installations. He was a native of Grinnell, Iowa.

He was a member of the Congregational Church, genial and courteous, popular with all people, and will be greatly missed by all who knew him.

NEW GEM SOCIETY FORMED IN AREA

Harold B. Baker of Lemon Grove was chosen temporary president of the new Gem and Mineral Society at an organizational meeting held September 28 in La Mesa. Mrs. J. Estabrooks acted as secretary pro-tem for the meeting.

Thirty-two enthusiasts attended the meeting and adopted the name of the "Tourmaline Gem and Mineral Society." Mr. Baker, L. M. Sherman and J. H. Bradshaw of Lemon Grove were chosen to draw up by-laws. Permanent officers will be elected at the next meeting to be held October 24. Professor Baylor Brooks of the State College faculty will be the speaker.

After the meeting an interesting collection of fluorescent minerals was shown by James C. Russell of El Cajon.

GARDEN CLUB INVITES NEW MEMBERS

Come and join us home gardeners and find out what to plant and how to take care of your yard at this season of the year. Come to the Springhouse Garden club on Tuesday or Friday afternoons from 1 to 4. Come when you can and stay as long as you can. The place is at Collier Park on the La Mesa - Spring Valley bus line.

This is the only garden club in San Diego that has their own club house. We meet on the porch of the club house and if the weather is cool we can go inside of the attractive club house. Call Mrs. D. I. Reese at H6-9707 or Mrs. S. R. Close at H6-5307 for further information. There may be some one driving from your locality.

WATCH REPAIRING EXPERTS

Your watch is a delicate instrument and it deserves the best of care. Many people wait until something goes wrong before they have it looked after. Then usually costly repairs are needed.
